Subject: CM: RE: TOF-1588-2024 : Draft reply
Date: 14 November 2024 08:50:11

Thanks

I have amended slightly. If this is coming from me, it will need to be added to my template which can provide and arrange to get signed. It should then issue from the Gateways team email address.

Sian

Sian,

Draft reply - TOF-1588-2024

Please find attached draft reply for your consideration. It is addressed to the first emailer however there are 25 separate individuals who will also require the same response. (All emails were essentially the same in nature with three adding on variations of the details to the start or finish). If content, I can draft the same reply to the other emailers.
