

A2 NEWRY ROAD WARRENPOINT ACTIVE TRAVEL SCHEME

HAVE
YOUR
SAY

The Department for Infrastructure is proposing a new active travel scheme along the A2 Newry Road, comprising a segregated 3.0m wide cycle track and a 2.0m wide footway. The facility will be separated from vehicular traffic by a kerbed buffer strip, enhancing safety and comfort for both cyclists and pedestrians. This new facility will create a continuous active travel link between the proposed Narrow Water Bridge and Warrenpoint town centre, supporting improved connectivity and encouraging sustainable travel.

Proposed & existing infrastructure

Have your say

Visit us and share your views with the project team at an in-person drop in event:

When: Wednesday 1st July 2026, 1pm – 7pm

Where: Warrenpoint Town Hall
Church Street,
BT34 3HN

If you can't make it to the event:
