PIP Comments:	Date/time inspection:	Inspector Name:	NFA Category:	NFA Comments:	Item Details:	Defect Reference:
Give way markings at this junction have a number of potholes, they have been there for some time, I was surprised when new line painting was carried out that paint was simply poured into the holes to go over the old give way broken white lines, this is very dangerous especially for motorcycle users as it makes the motorcycle very unstable as you approach the junction looking to see if it is clear to exit, I have nearly dropped my motorcycle once already.	18-Nov-2021				BITMAC POTHOLE (CBPH)	D218502160

PIP Comments: I would like to report several dangerous pot holes in the area between 10-15 Rockfield, Bangor, Bt19. These pot holes have been causing numerous injuries between the children living here in our community one including a trip to a &e, we need these roads made safe immediately before an even more serious incident occurs. There are no footpaths for our children to walk on either to avoid these road holes. Please advise with an update ASAP!

PIP Comments: Reporting the state of the road within the area of Rockfield in Bangor County Down. Copious amounts of potholes and broken road within the area and poses a serious health and safety risk with some of the children already have suffered injuries due to the terrain being so poor and upkeep being neglected. ;In order to assist with my report I would like to make a request under the Freedom of Information Act 2000 for a copy of the following: ;the inspection schedule and reports for the street in question; ;any log or record of reports made to the authority about the pothole/road. ; ;From speaking with local residents I am aware this issue has had reports made and one dating back to 28/12/2021!

PIP Comments: The issue with the road surface is the numerous potholes and quality of the road surface. The road has been dug up numerous times for installation of gas/internet for the residents but it’s replacement has been of such poor quality that it does not last and as residents we are left with terrible road surfaces. My concern is that within our area some parts have no footpaths and the kids have to ride their bikes/scooters on this uneven surface. Many times kids have fallen off or tripped hurting themselves. We also have older folk/ visually impaired individuals living in this area and these poor surfaces are potential hazards.

Subject: Rockfield, Bangor

Good Evening,

I met residents of the above street today who are very concerned about the bad potholes on the street. A child was recently taken to A&E after tripping on a pothole.

It is a shared footpath/road in parts of Rockfield so pedestrians have to walk and children play over these potholes. They are really concerned that a child will really injure themselves on the road.

See attached pictures which show how bad they are. It will really needs to be resurfaced to ensure safety.

Not all of the street needs to be resurfaced just the cul de sac section from 12 onwards. There is also a big pothole at the entrance to Rockfield Glen and the manhole covers are very high, they are almost like a speed bump. Cars are driving around these manholes.

Can I ask that this is urgently resurfaced to ensure road safety?

I look forward to your response.

Kind Regards,

Alistair

Cllr Alistair Cathcart
Councillor for Bangor Central
Ards and North Down Borough Council
